## *Dedication*

To our new principal, Mr. B. O. Aiken, we dedicate this yearbook. We feel that the honor belongs to him as our school appreciates his efforts in making it a better place in which to learn to live. His kindly disposition, generosity, and understanding attitude in dealing with both students and teachers will always be remembered. We wish to express gratitude for his reasonableness and friendly manner.

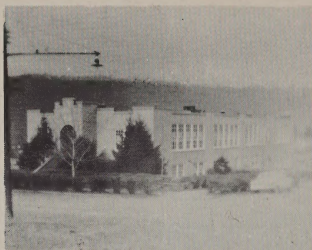

Along with his character and personality traits, we would not forget Mr. Aiken's extensive academic training and experience which have contributed to his capability in carrying out successfully the administrative duties of our school.

He holds his A. B. Degree from Trinity College, Durham, North Carolina, and acquired his M. A. Degree from Duke University in 1927. He has done other work at the following institutions: University of North Carolina, University of Maryland, University of Chicago, George Washington University, and Columbia University.

His teaching and administrative experience consist of the following: Teacher in Durham High School, Durham, North Carolina; teacher and coach at Bethal High School, Haywood County, North Carolina; principal of Haywood Elementary School, Haywood County, North Carolina; principal of Poolesville School, Montgomery County, Maryland; and principal of Accident School, Garrett County, Maryland.

Mr. Aiken has given thirty years service to the teaching profession. Thus, with sincerity, we dedicate our yearbook to Mr. B. O. Aiken.

## SCHOOL SONG

Dear Friendsville High School true we'll always be,  
Faithful and loyal 'til eternity.  
Our high school colors they will always wave.  
Maroon and gold forever say for us, Hurrah.  
We'll fight to hold our standards to the sky,  
Valiant and bold we'll fight without a sigh.  
And for our Alma-Mater praises be, yes by gosh,  
Friendsville High.

## SCHOOL HISTORY

Our present school was completed and ready for use February 12, 1929. We moved from across the river into a new modern brick building, leaving an old dilapidated building which would not accommodate the pupils enrolled. The big things were moved by carts and wagons, drawn by horses. The small things were moved by the pupils.

Mr. Glenn was the first principal in the new building. He served until 1951, at which time Mr. Aiken became our new principal. The first year there were eight teachers and one hundred ninety pupils in grades one to eleven. Today we have twenty-one teachers, five hundred pupils, and grades one to twelve.

We have added courses in typing, shorthand, bookkeeping, Spanish and physical education. Our elementary school is housed in two rooms in the main building, four rooms across the street, and two rooms in the Schuller Building downtown.

In 1949 the girls' Field Ball Team won the state championship in class D. The school faculty and interested members of the town honored them with a banquet and presented each member and the coach, Mr. Glenn with a token of appreciation. We have been field ball champions of the county in class D every year since.

Next year we will find our junior and senior high school combined with Grantsville and Accident at the county's new school located in the Cove.

CLASS SONG

We're the Friendsville Seniors of nineteen-fifty two

And we're the last class to graduate from you

We're won our victories and now with all our heart

We hail our dear ole Friendsville High from you we now  
must part.

Navy blue and silver, our colors for this year

And the class flower the red rose we hold dear

We're pledged our loyalty thru all our work and play

Farewell to all our classmates here on this our last  
school day.

# Class Prophecy

While scanning my morning paper, a fascinating ad took my eye. It stated that Professor Houdini had discovered a new wonder machine enabling one to see past, present, and future activities. Being curious, I went to visit the Professor and asked to see into the future of the Senior Class of 1952.

To my surprise the first person I saw was Betty Lou Friend looking very "chick" in her Wac uniform.

Next I saw Virginia Shoemaker Friend talking to a little boy who was wearing "Bell Bottom Trousers" and was named, Johnny Jr.

Next I was attracted to a large mailbox by a horrible screeching. It seems Mr. & Mrs. Arthur McCrobie were raising crows. Caw, Caw.

I went on down the road and came to a country store, operated by Dorothy Nuget. She is still waiting for Earl Micheals to come home.

It seems Dorothy Friend can't find her ideal as she has been married and divorced three times. Advice---try the Humberson boys again.

I then found myself in a room with Reda Teats and a young, handsome man. She was saying, "Sorry, but the man I marry must be five feet and one fourth inches tall." It seems she still stuck to the qualifications of her ideal mate from high school.

I drifted to New York to see a professional soccer ball game. Great to my surprise, Merle Frazee was the star player. We always knew Mr. Travis was good for something.

The next place I visited was Black Water Falls where Elsie Sisler and Bill Slagle were building their "Honeymoon Cottage." They had been inspired by it's beauty the day they skipped school to visit it.

Rather hungry, I stopped in to see my old friend, the Governor of Rhode Island, and who should I see presiding over the tea-table, but the former Miss Izetta Savage. We always knew her quiet, well-reserved manner would take her far.

I went next to the "Blue Grass State" of Kentucky and a fashionable ranch house where the best of thoroughbreds were raised, by Grace Cover and her husband, Clifford Friend.

Becoming tired of these fashionable resorts I had visited I decided to take off for a more remote place, such as the hilly mountains of West Virginia. There I found an old bearded codger and his wife strumming their guitars on the front porch, with a jug of corn-rye handy of course. I was astonished to find my hill-billy friends were Glenn Frazee and Ardell Casteel.

Next I found myself drifting down the Yough River to Selby's Port. There I found Mrs. Selby, formerly Bessie Capel, very active in the nursery.

Drifting on down the Yough past Selby's, I spied a great mass of black Angus. It seemed to be branding time. I went up to the fire and there was Jeanne Frantz and her main foreman Jim Shultz.

I was then taken to the Philadelphia Symphony Orchestra, giving a concert. The spotlight had been centered on their star harmonica soloist. To my surprise it was none other than Mervin Slagle.

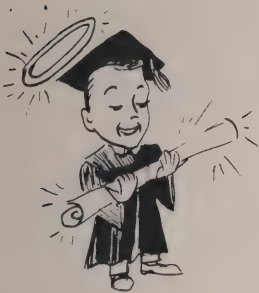

Next I find Janet Fike getting rings from all kinds of men. She was working as a telephone operator in Ohio. It seems that blonde hair still holds an attraction, but the heart under it is only for a certain guy.

By this time I thought I had gotten to most of my class mates, but I found myself at the University of Maryland, where Ralph Smearman was barking orders to his Physical Education class. The team had been winning all of it's games; explanation, Richard Travis was the manager behind the coach.

Suddenly I was switched to the ocean and aboard a luxurious liner. To my surprise I heard Parley VanSickle challenging the Captain to a game of checkers to get practice for a bout with the Queen of England. It seems like "Boo" had become champion checker player of the United States.

And last, but not to be forgotten, I found Miss Clarissa Dally, in the Uniontown Museum, Lecturing on the Medieval Period and quoting Shakespeare. Miss Dally was dressed in ancient costume and was still patiently waiting for her knight in shining armour with the art of chivalry.

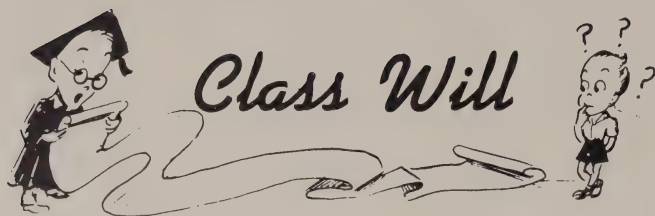

#### MESSAGE FROM THE PRINCIPAL

It appears that you will be the last class to be graduated from the Friendsville High School. It has been my privilege to become acquainted with the pupils of former classes, but I think that the Class of 1952 has in it many exceptionally fine boys and girls. It has been a real pleasure to know you and to see you round out the last year of high school in a creditable manner. I like the way you have gone about your work and your play, and I like the way you have accepted responsibility for doing difficult tasks. The production of this yearbook is a demonstration of your ability to plan and execute an important project.

I extend to you my best wishes for real success and true happiness.

Good Luck to you  
Class of 1952.

B. O. Aiken

We, the Senior Class of 1952, being of sound mind and body (though a little tired) having been through the harrowing experience of twelve years at the Friendsville School, do bequeath the following:

I, Betty Lou Friend, will to Alice Friend my ability to stay out late, get to school late, and still be able to play ball.

To Dorothy Shoemaker--I, Dorothy Friend, will my ability to be a discoverer while climbing John Devine's television antenna.

I, Arthur McCrobie, will to Arthur Schroyer my ability to "fly" through school in a "bird-like" manner.

To Thelma Schroyer--I, Reda Teats, will my ability to keep store while keeping track of all the cars going around Schlosnagle's corner.

I, Mervin Slagle, convey to Odie Friend my ability to graduate while still singing nursery rhymes.

I, Bessie Capel, will my ability to make peanut butter fudge in the cemetery about midnight to Martha Hoff.

To Alice Sisler--I, Elsie Sisler, convey my ability to go to Black Water Falls to the dentist during school hours.

I, Ralph Smearman, will to Reed Smearman my ability to blush so sweetly when the lady teachers smile at me.

I, Eleanor Dailey, do bequeath to Ardella Casteel my ability to be able to drive cars, especially "white Chryslers."

To Beverly Friend--I, Janet Fike, do convey my ability to use my blonde hair to every other girl's disadvantage.

I, Glenn Frazee, will my place in the S. C. C. (Selbysport Cowboy Catfishers) to Bobby W. Friend.

I, Grace Cover, will to Ellen Rose my lady-like mannerisms.

To Evelyn Friend--I, Dorothy Nugent, do bequeath my ability to be true to the service men in Italy.

I, Merle Frazee, do convey my ability to remain "well-oiled" while "swinging" through life to Robert Sines.

I, Jeanne Frantz, to Dottie Frantz, will my ability to be a member of refreshment committees.

To Dorothy Selby--I, Iszetta Savage, will my ability to go through twelve years of school unaware of the male sex.

I, Virginia Shoemaker, will my ability to jump mud puddles coming up the old Selbysport road after dark to Charlotte Shultz.

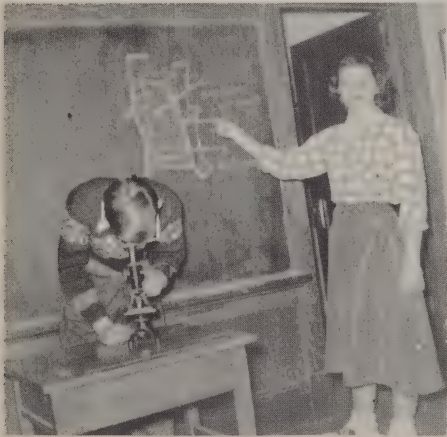

I, Parley VanSickle, will to Wayne VanSickle my ability to keep my attitude "indifferent" though all the attentions are showered on me.

## COACHES

Mrs. Resetar has coached the girls' basketball and fieldball teams for the past three years. During this time the team has lost only three games. While she has been here, she has gained the appreciation and confidence of her team members. Mrs. Resetar's pet ambition is for the Friendsville girls always to be basketball champs.

Mr. Travis has coached the boys' basketball and soccerball teams for the past three years. The boys will long remember him for his lasting friendship as well as his vigorous massages. Mr. Travis's pet ambition is to eat gallons of peanut butter fudge.

## CHEERLEADERS

Clad in maroon and gold, and familiar figures were our cheerleaders--Janet Fike, Ardella Casteel, Lois Fike and Ruby Frazee, who helped support the player's pep and built the school morale. Due to illness Ardella was absent when the pictures were taken. Their advisor was Miss Dally. The favorite cheer for the school year was; Maroon Team and Gold team.

Our fieldball team completed the 1951 season with seven victories and no defeats to remain county champions again this year. A total of 115 points to our opponents' 25. High scorers were Bessie Capel with 30 points and Betty Friend and Esther Murphy with 20 points each. Awards were presented to each member of the fieldball team.

## BASKETBALL

Fighting hard but enjoying ourselves, our basketball season ended with six victories and two defeats to tie for county championship with Grantsville. During the season we totaled 452 points to our opponents' 256. High scorers were Bessie Capel with 144 points and Eleanor Dailey with 132 points. At the end of the season we were awarded the warm-up jackets, which were used previous by the team. We will always cherish these jackets.

Maroon team, gold team, maroon and gold team  
Fight team, fight team, fight, fight, fight.

## SOCCERBALL

Although our soccerball team was defeated several times, we still consider our team as having gained sportsmanship and fair play in our games. The high scorers were Ralph Smearman with 6 points and Reed Smearman with 2 points.

## BASKETBALL

The squad ended the season with seven victories and six defeats. High scorers were Gordon Wright with 215 points and Arthur McCrobie with 105 points. High school spirit was shown through the entire season. At the end of the season the team was awarded the warm-up jackets, they had previously used.

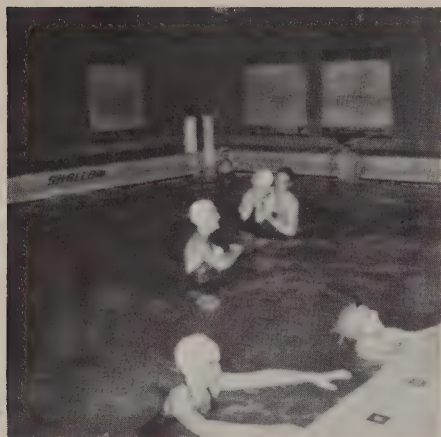

## GIRLS INTRAMURAL BASKETBALL

Girls from the seventh-ninth grades participated in a intramural basketball tournament which was conducted during the noon hour. Two tournaments were conducted. The first "champs" were the Apaches, coached by Dot Shoemaker. The second tournament had five teams entered as follows; Indians, Musketers, Spoons, Bullfrogs, Rattlesnakes. The victors in the second round were the Bullfrogs, coached by Dot Shoemaker. Awards were presented to each member of the winning team.

## BOYS' INTRAMURAL BASKETBALL

This tournament was conducted in the same manner as the girls tournament. Eight teams were selected from the seventh-ninth grades. Each team consisted of six players and a coach, who was picked from the varsity squad. The eight teams were as follows: Skunks, Babooms, Elks, Gophers, Bisons, Tigers, Lions, and Chipmunks. Each team was eliminated by losing two of three games. In the final game of the tournament the Skunks defeated the Tigers and were crowned "Champs".
